Republican Nominee for Congress

Good for Law Enforcement Rallies

Bob understands that our society depends on a fair and just system of due process for all Americans. He recognizes that law enforcement is critical to ensuring the safety of all citizens. Bob will work with local, state, and federal officers and authorities to maintain and improve their cooperative efforts to reduce violent crime, fight human trafficking, and defeat the drug cartels. He will ensure that our law enforcement officers have access to the best training and technology, so that preparedness in the field is never compromised.

That's why Bob is hosting a series of rallies across the 5th District in support of the men and women in our communities who proudly wear the badges of law enforcement. Please join us at a rally close to you!
